Dear Mr. Shainis:

This is in reference to the above-captioned application for WUFO(AM) for a construction permit to authorize a change in transmitter location.<sup>1</sup>

A review of the application reveals that our records show a “red light” against this application. This generally means some sort of fee issue that must be resolved before any further authorizations can be granted. Please contact Roland Helvajian in the Fees section of the FCC for assistance with this matter: [roland.helvajian@fcc.gov](mailto:roland.helvajian@fcc.gov), (202)-418-0444.

For more info on the red light rule and how to resolve, you and your client may review the FCC’s web page ([http://transition.fcc.gov/debt\\_collection/#redlight](http://transition.fcc.gov/debt_collection/#redlight)), and then contact the Commission’s Financial Operations Help Desk via e-mail at [arinquies@fcc.gov](mailto:arinquies@fcc.gov), or by phone at (877) 480-3201, Option 4, for further assistance.

Further action on the subject application will be withheld for thirty (30) days from the date of this letter. Failure to respond or to resolve the red light hold within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the Rules.

Sincerely,

Son Nguyen  
Supervisory Engineer  
Audio Division
